Letter dated 8 June 2011 from the Permanent Representative of Turkey to the United Nations addressed to the Secretary-General

I have the pleasure to provide information about the contributions Turkey is making on the basis of the relevant provisions of Security Council resolutions 1970 (2011) and 1973 (2011) and within the context of NATO Operation Unified Protector to support the arms embargo that is being imposed on Libya. This is in addition to the humanitarian assistance we continue to provide to the people of Libya.

Within the context of the NATO operation initiated to support the arms embargo on Libya based on Security Council resolutions 1970 (2011) and 1973 (2011), Turkey is contributing four frigates, one logistic support vessel, one submarine, one special forces team, six F-16 jets and one tanker aircraft, along with the participation of 20 personnel from the NATO Special Operations Component Command Headquarters. These assets, which have been provided solely for the purpose of implementing the arms embargo, are under the supervision of the NATO Operational Forces and have been conducting the following activities:

(a) The frigates and the submarine are being used for the purpose of reconnaissance, patrol and control missions;

(b) In line with tasking from Air Command Izmir, the F-16 jets, based in Sigonella, Italy, are conducting daily sorties to provide air control for the enforcement of the embargo;

(c) The logistic support vessel and tanker aircraft are being used to support the operations of NATO naval and air assets;

(d) The special forces team, based on Turkish frigates, provide capability to conduct, when necessary, searches and detainment of vessels that, according to intelligence, may be in violation of the embargo.

Turkey has also undertaken the Headquarters framework nation responsibility for the Special Operations Component Command during the ongoing NATO operation. In this framework, a 20-person Special Operations Component Command team, under the command of a Brigadier General, has been formed in Naples, Italy.

It would be appreciated if this information could be brought to the attention of the Security Council.
